

# Cheer America Music

Routine music should be on a CD or a digital music player (ie. Smart phone, MP3 player, etc.).

A Duplicate CD or back---up music source MUST be available at the music table during the routine performance.

If utilizing a digital music player, Cheer America will provide the necessary cables. Please be sure to follow these steps prior to your performance.

- Set---up a playlist for each routine
- Turn off any equalizers, sound check and/or volume limiters
- Turn your phone up to 100%
- If using a phone, please make sure it is in airplane mode to avoid incoming calls during your performance.

In the event a technical error causes a team's music to be interrupted, the coach will have the opportunity to stop the performance. The team will perform according to the schedule unless Cheer America determines for safety reasons a team should be moved down the performance order. In case of a music malfunction, judging and timing will resume from the point at which the malfunction occurred (as determined by the judging panel).

Judges' decisions on timing of total routine and music portion of routines are final.

Coaches are strongly advised to create mix music that finishes a few seconds under the time limit to ensure that the team does not go over time.

Cheer America reserves the right to be the arbitrator and interpreter of all rules covered in this document.
